

The Carnivorous Plant Society

Conservation Fund Application Form

Before applying for project funding, ensure that you have read the Conservation Fund Guidelines and that your project meets the relevant criteria. If you have any questions, please contact us at conservation@thecps.org.uk.

Section 1 - Personal Details

Full Name	
Address	
Email	
Telephone	
Name and address of any affiliated organisation / institution	

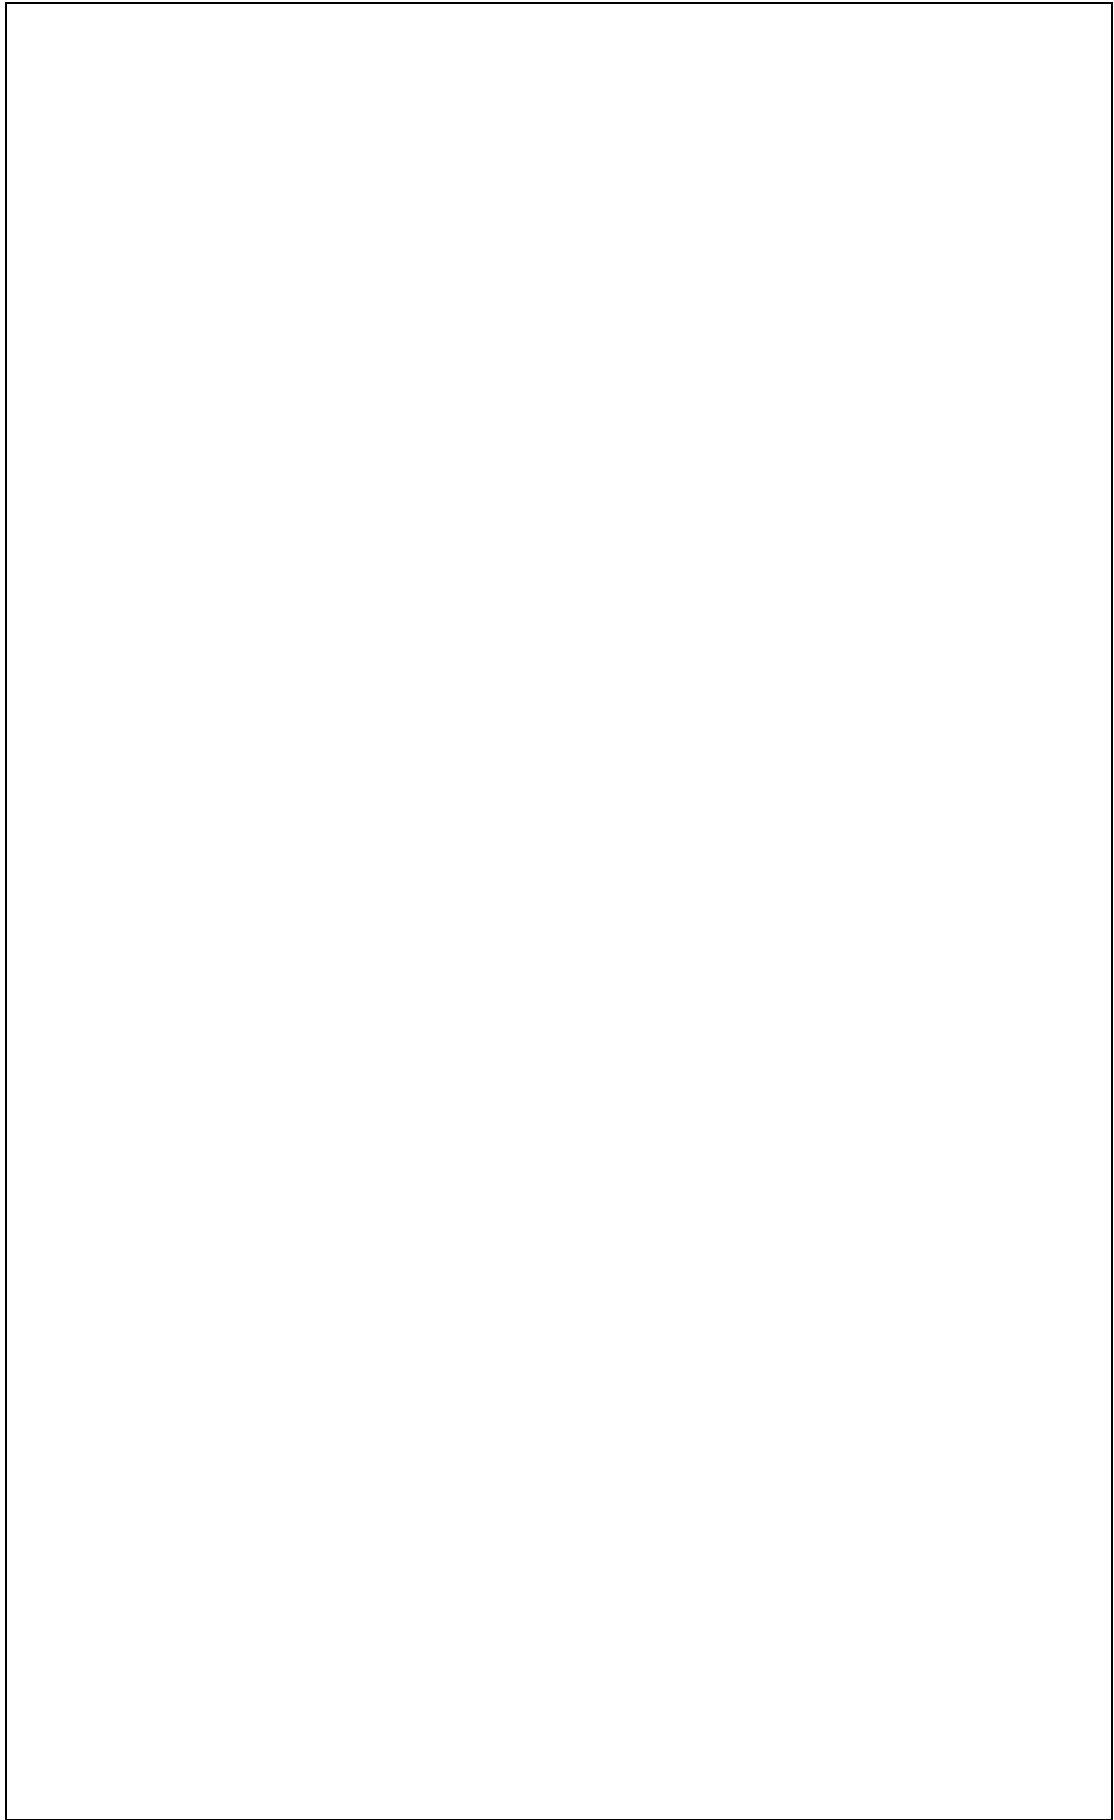

Section 2 - Project Details

Please tell us about the project and its value to the conservation of carnivorous plant species. You may wish to include:

- An introduction to the project
- A rationale for embarking on the project
- Project methods and materials
- For research projects, how the study will answer the specific questions posed
- Anticipated outcomes / benefits of the project, including details of how these will be measured
- Information about where the project will be carried out or where it will have impact

Project details

--

Section 3 – How CPS Funding Will Be Used

Please explain specifically how funding from the CPS Conservation Fund will be used for the project. It would be helpful to explain whether the project will be solely funded by the CPS or whether other funding sources are required – if so, please detail the status of any other funding applications on which the project depends. *Please note the maximum grant is typically £500.*

Funding details

Section 4 – Additional Information

Please project any additional information that you feel is relevant to the application.

Additional details

Signature _____

Date _____

Please submit your completed form to conservation@thecps.org.uk. You will be contact as soon as a decision has been made, or if we need any further information.

Thank you for applying to the Conservation Fund of the Carnivorous Plant Society.
